- You can now return to **GOSERVE.APP** and log in using your email and password.

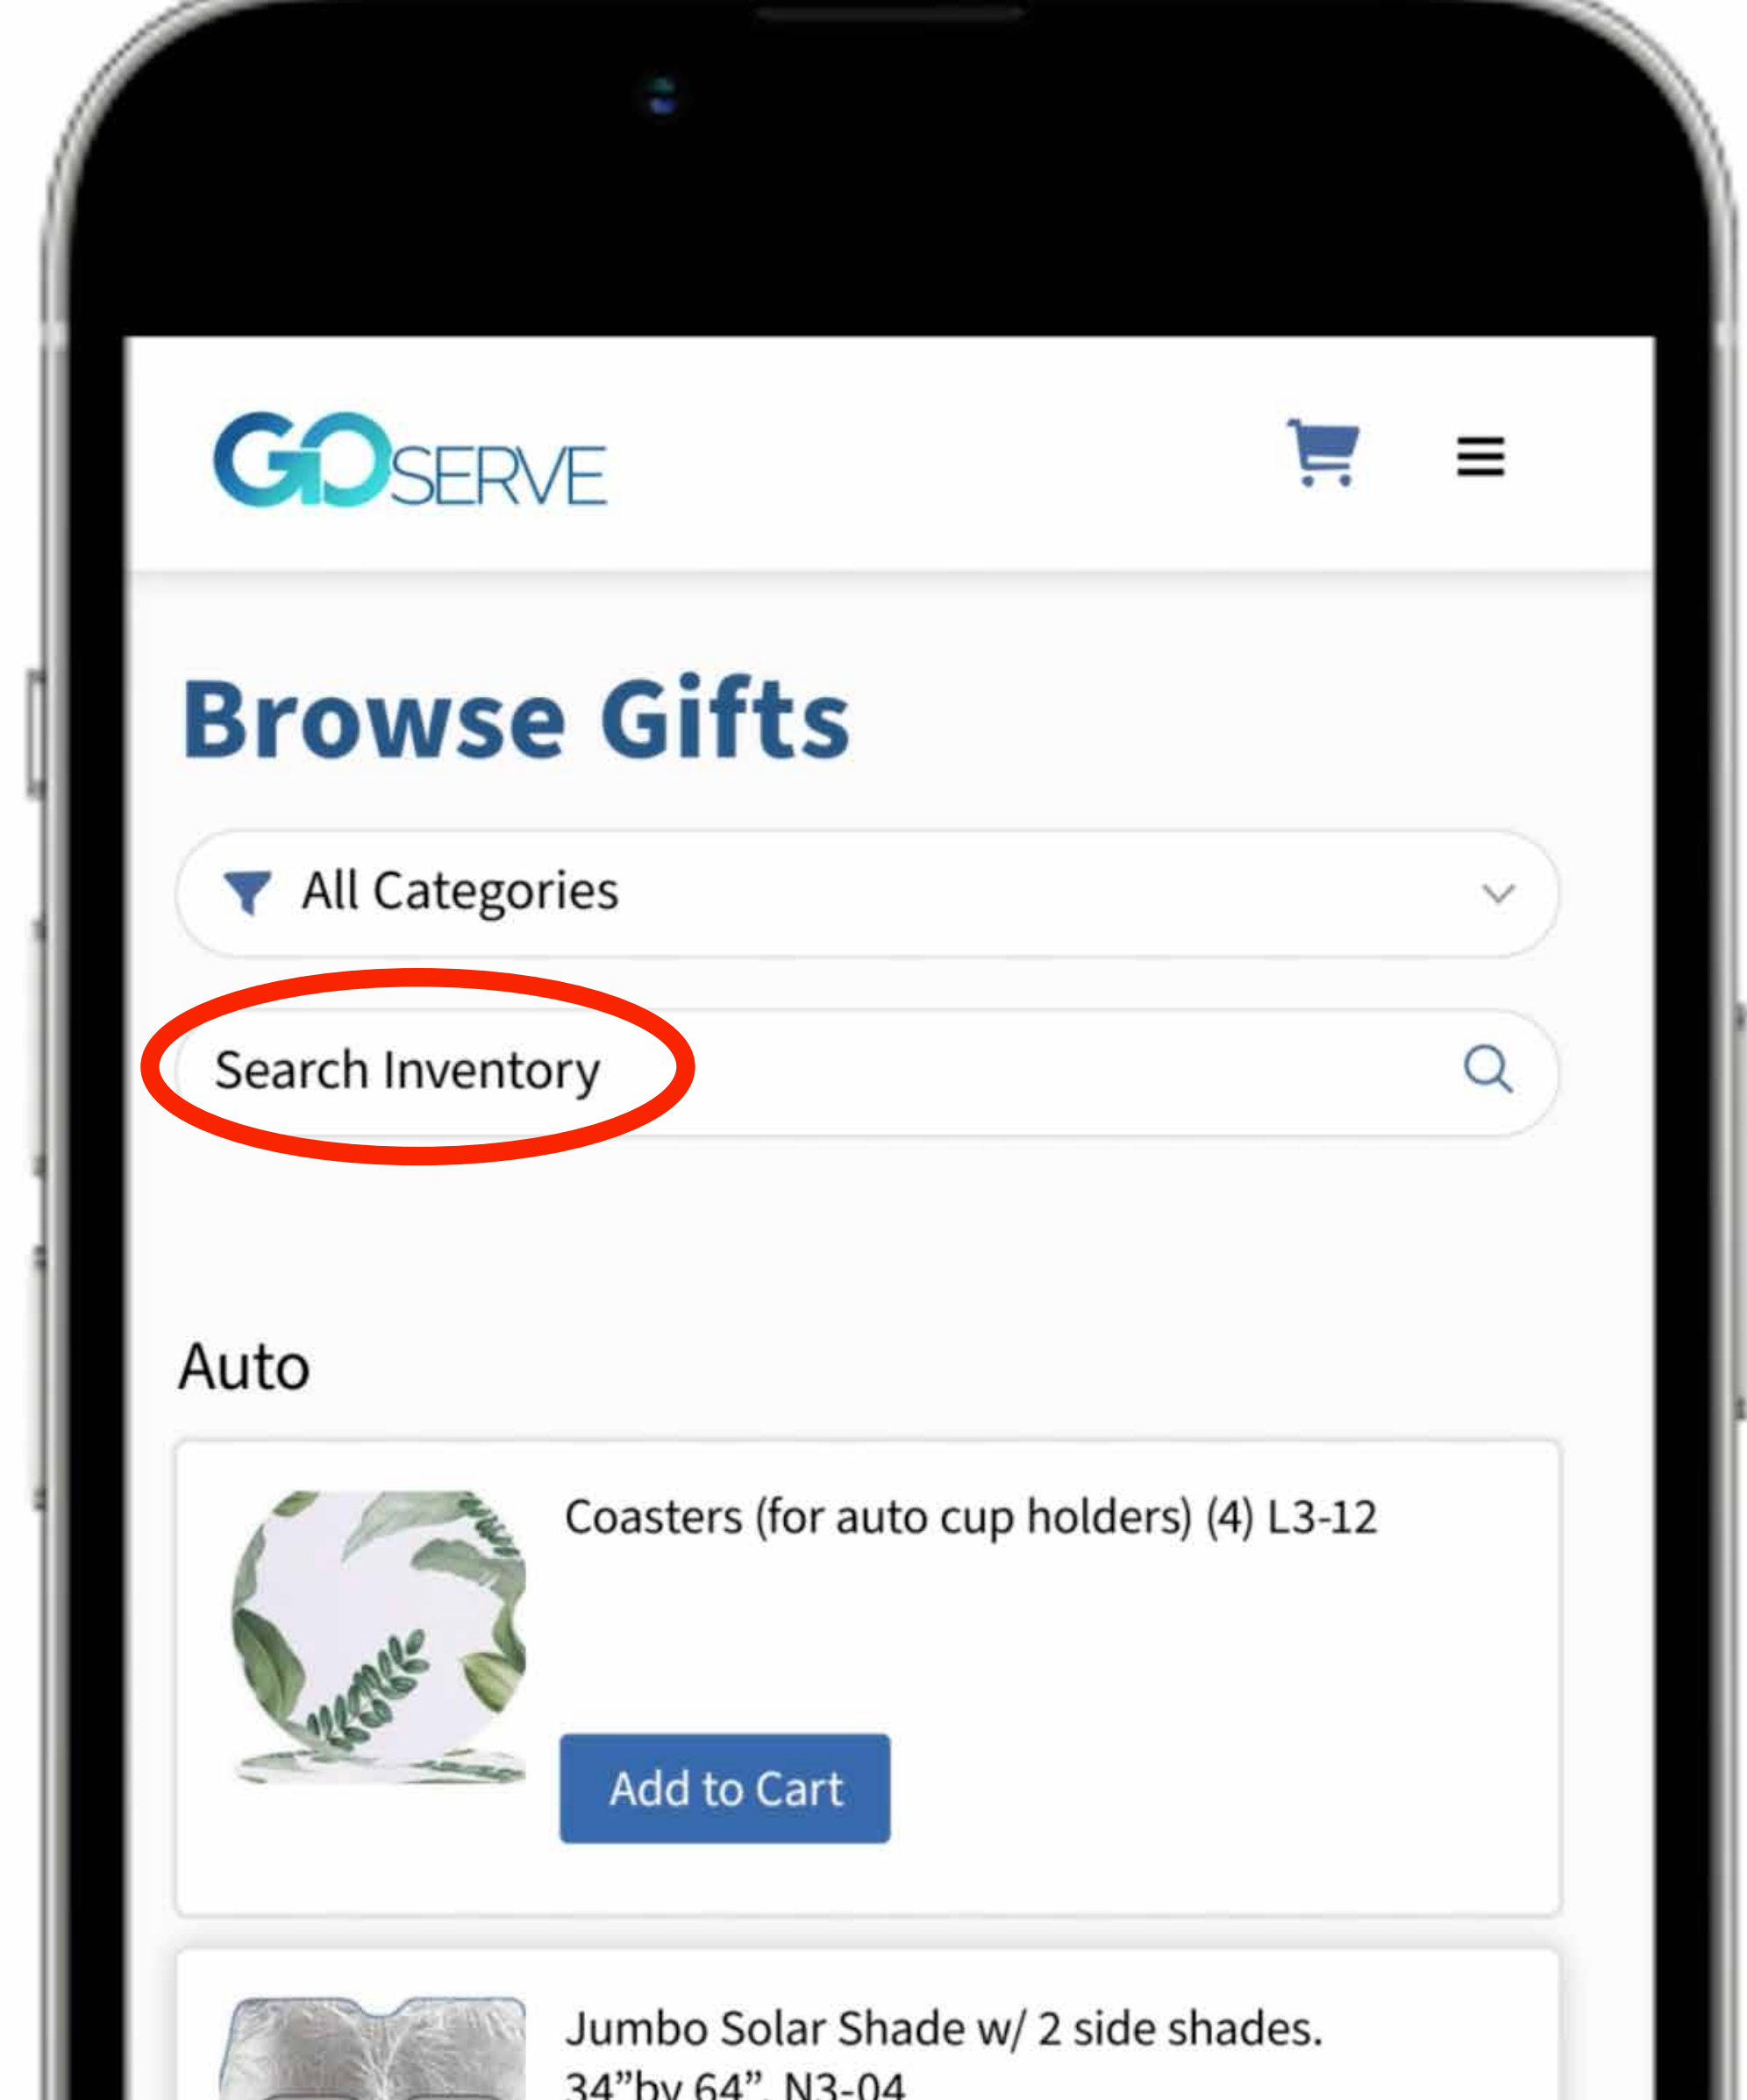

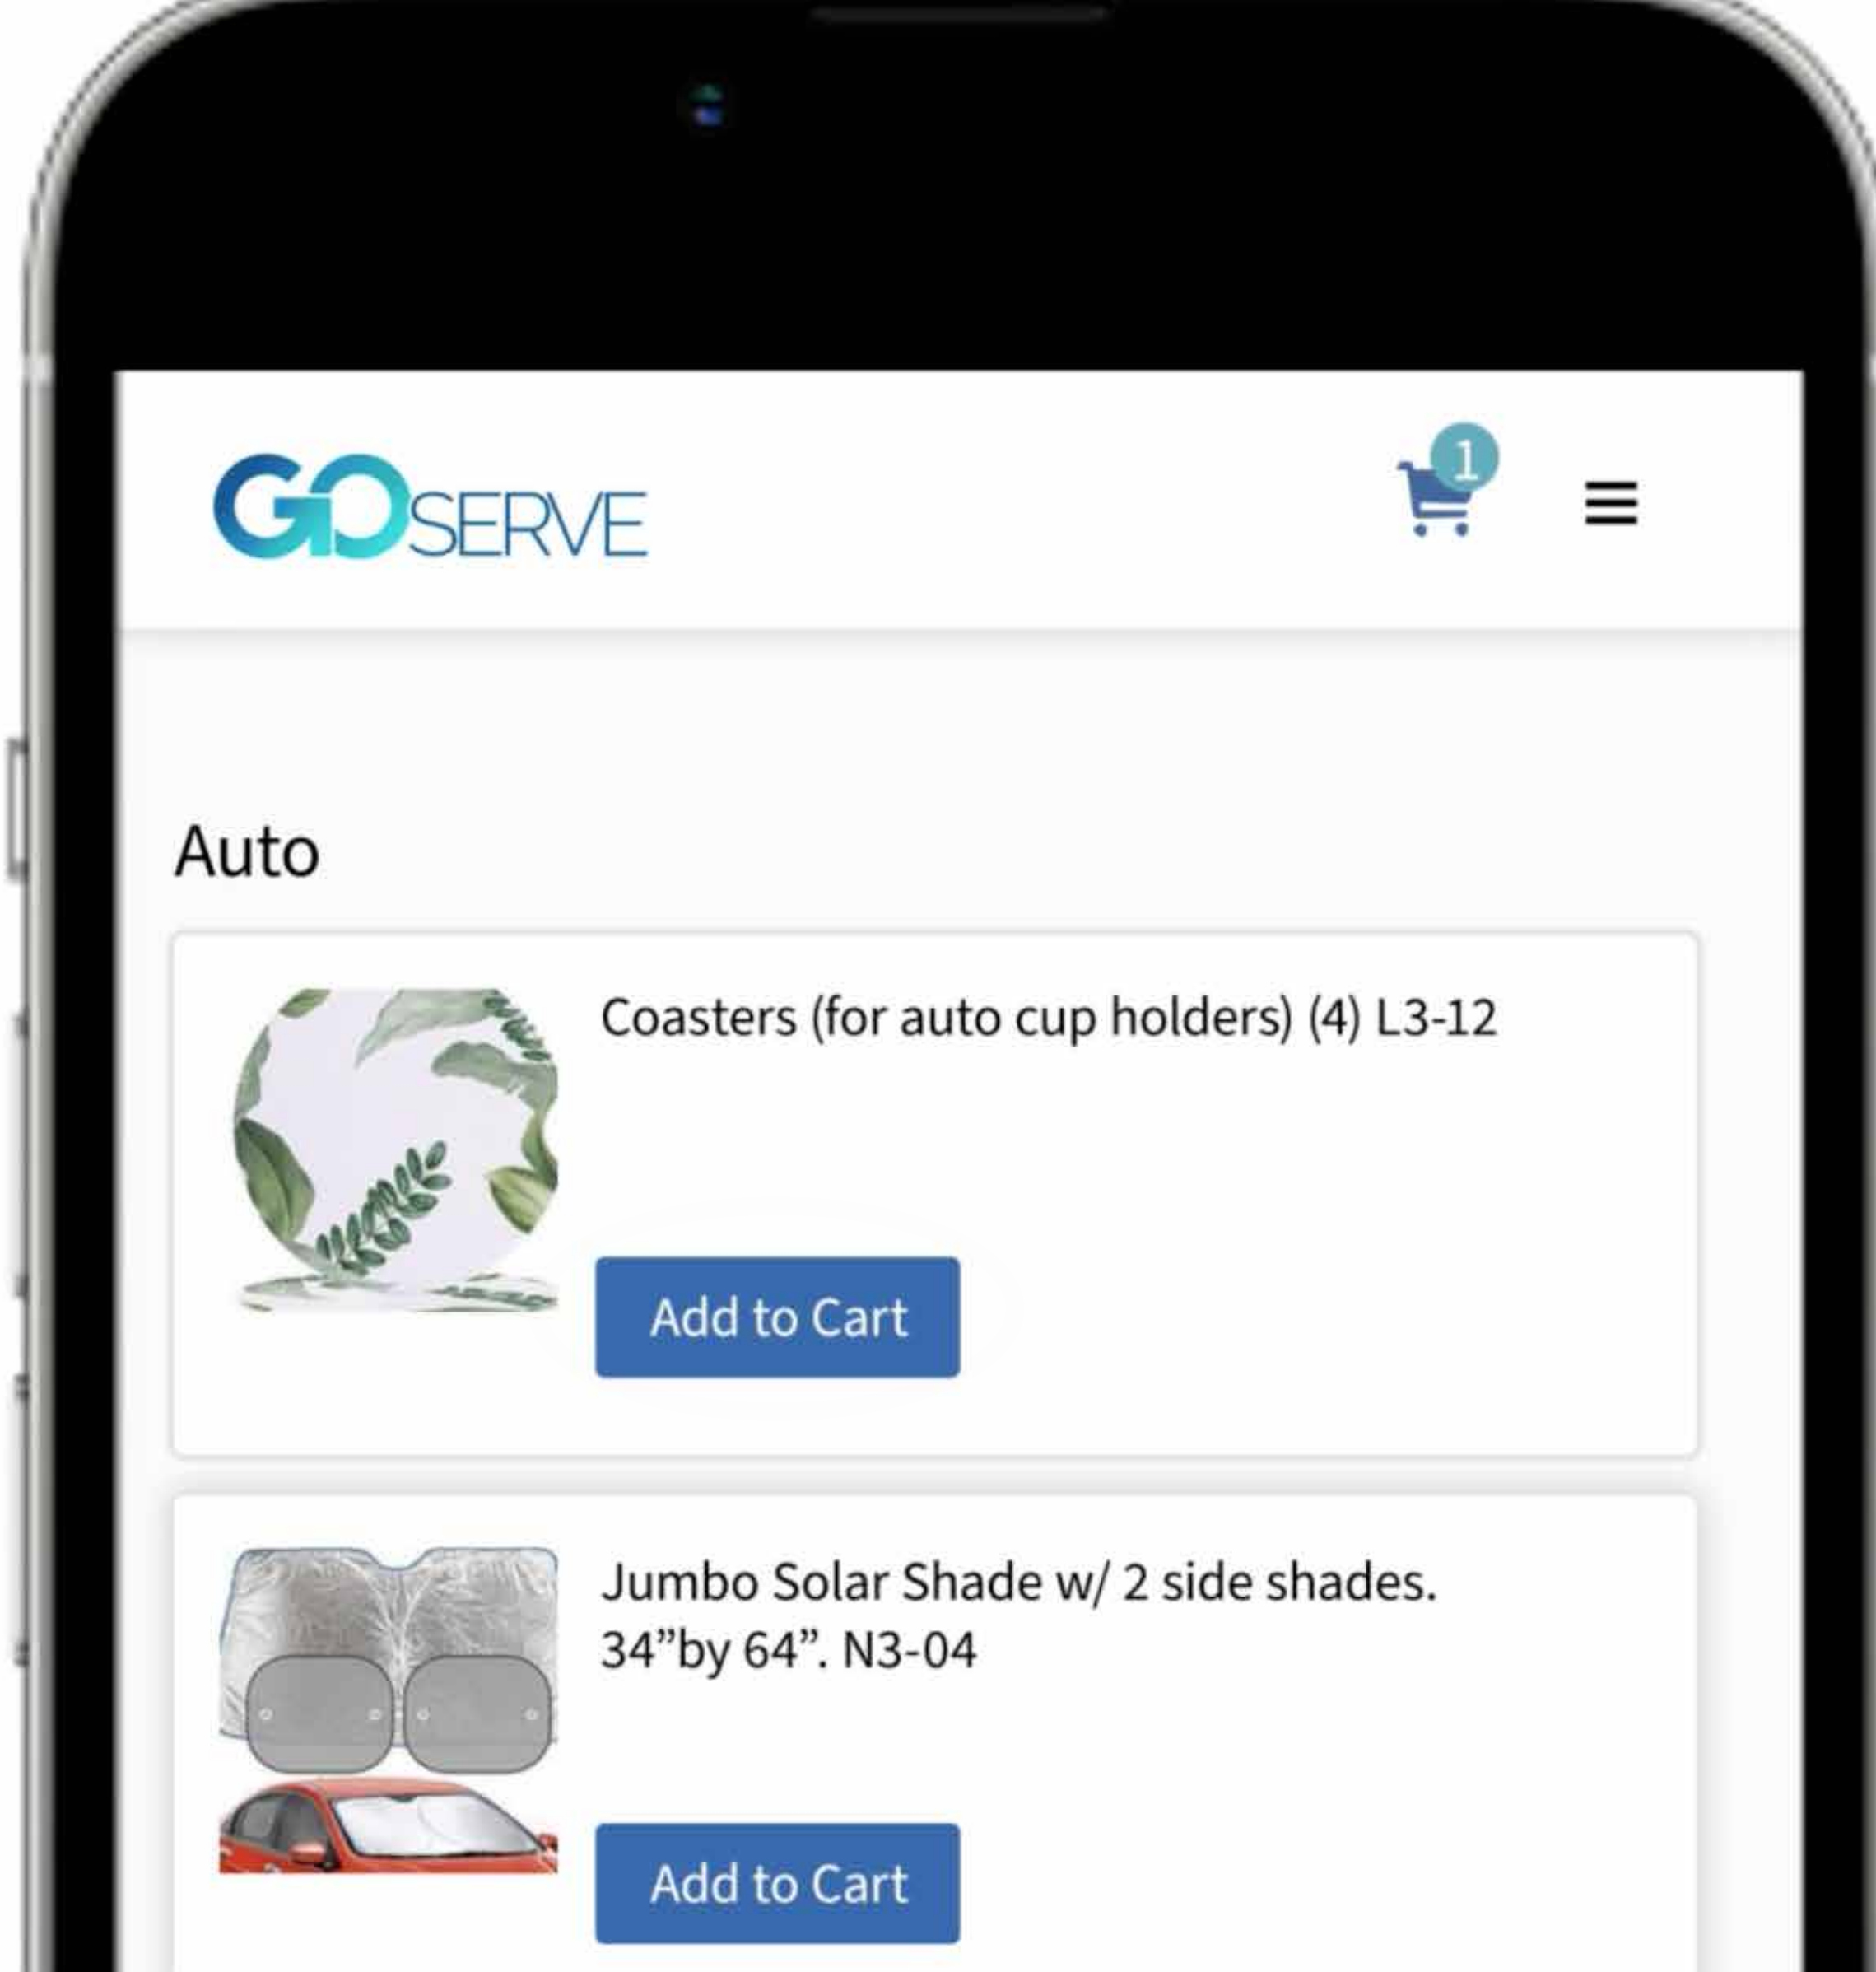

- You will be brought to the **BROWSE GIFTS** page, where you can view your POD inventory.

- Your home screen will display up to three items within various categories, and you can select **BROWSE ALL** under the specific category you desire to search.

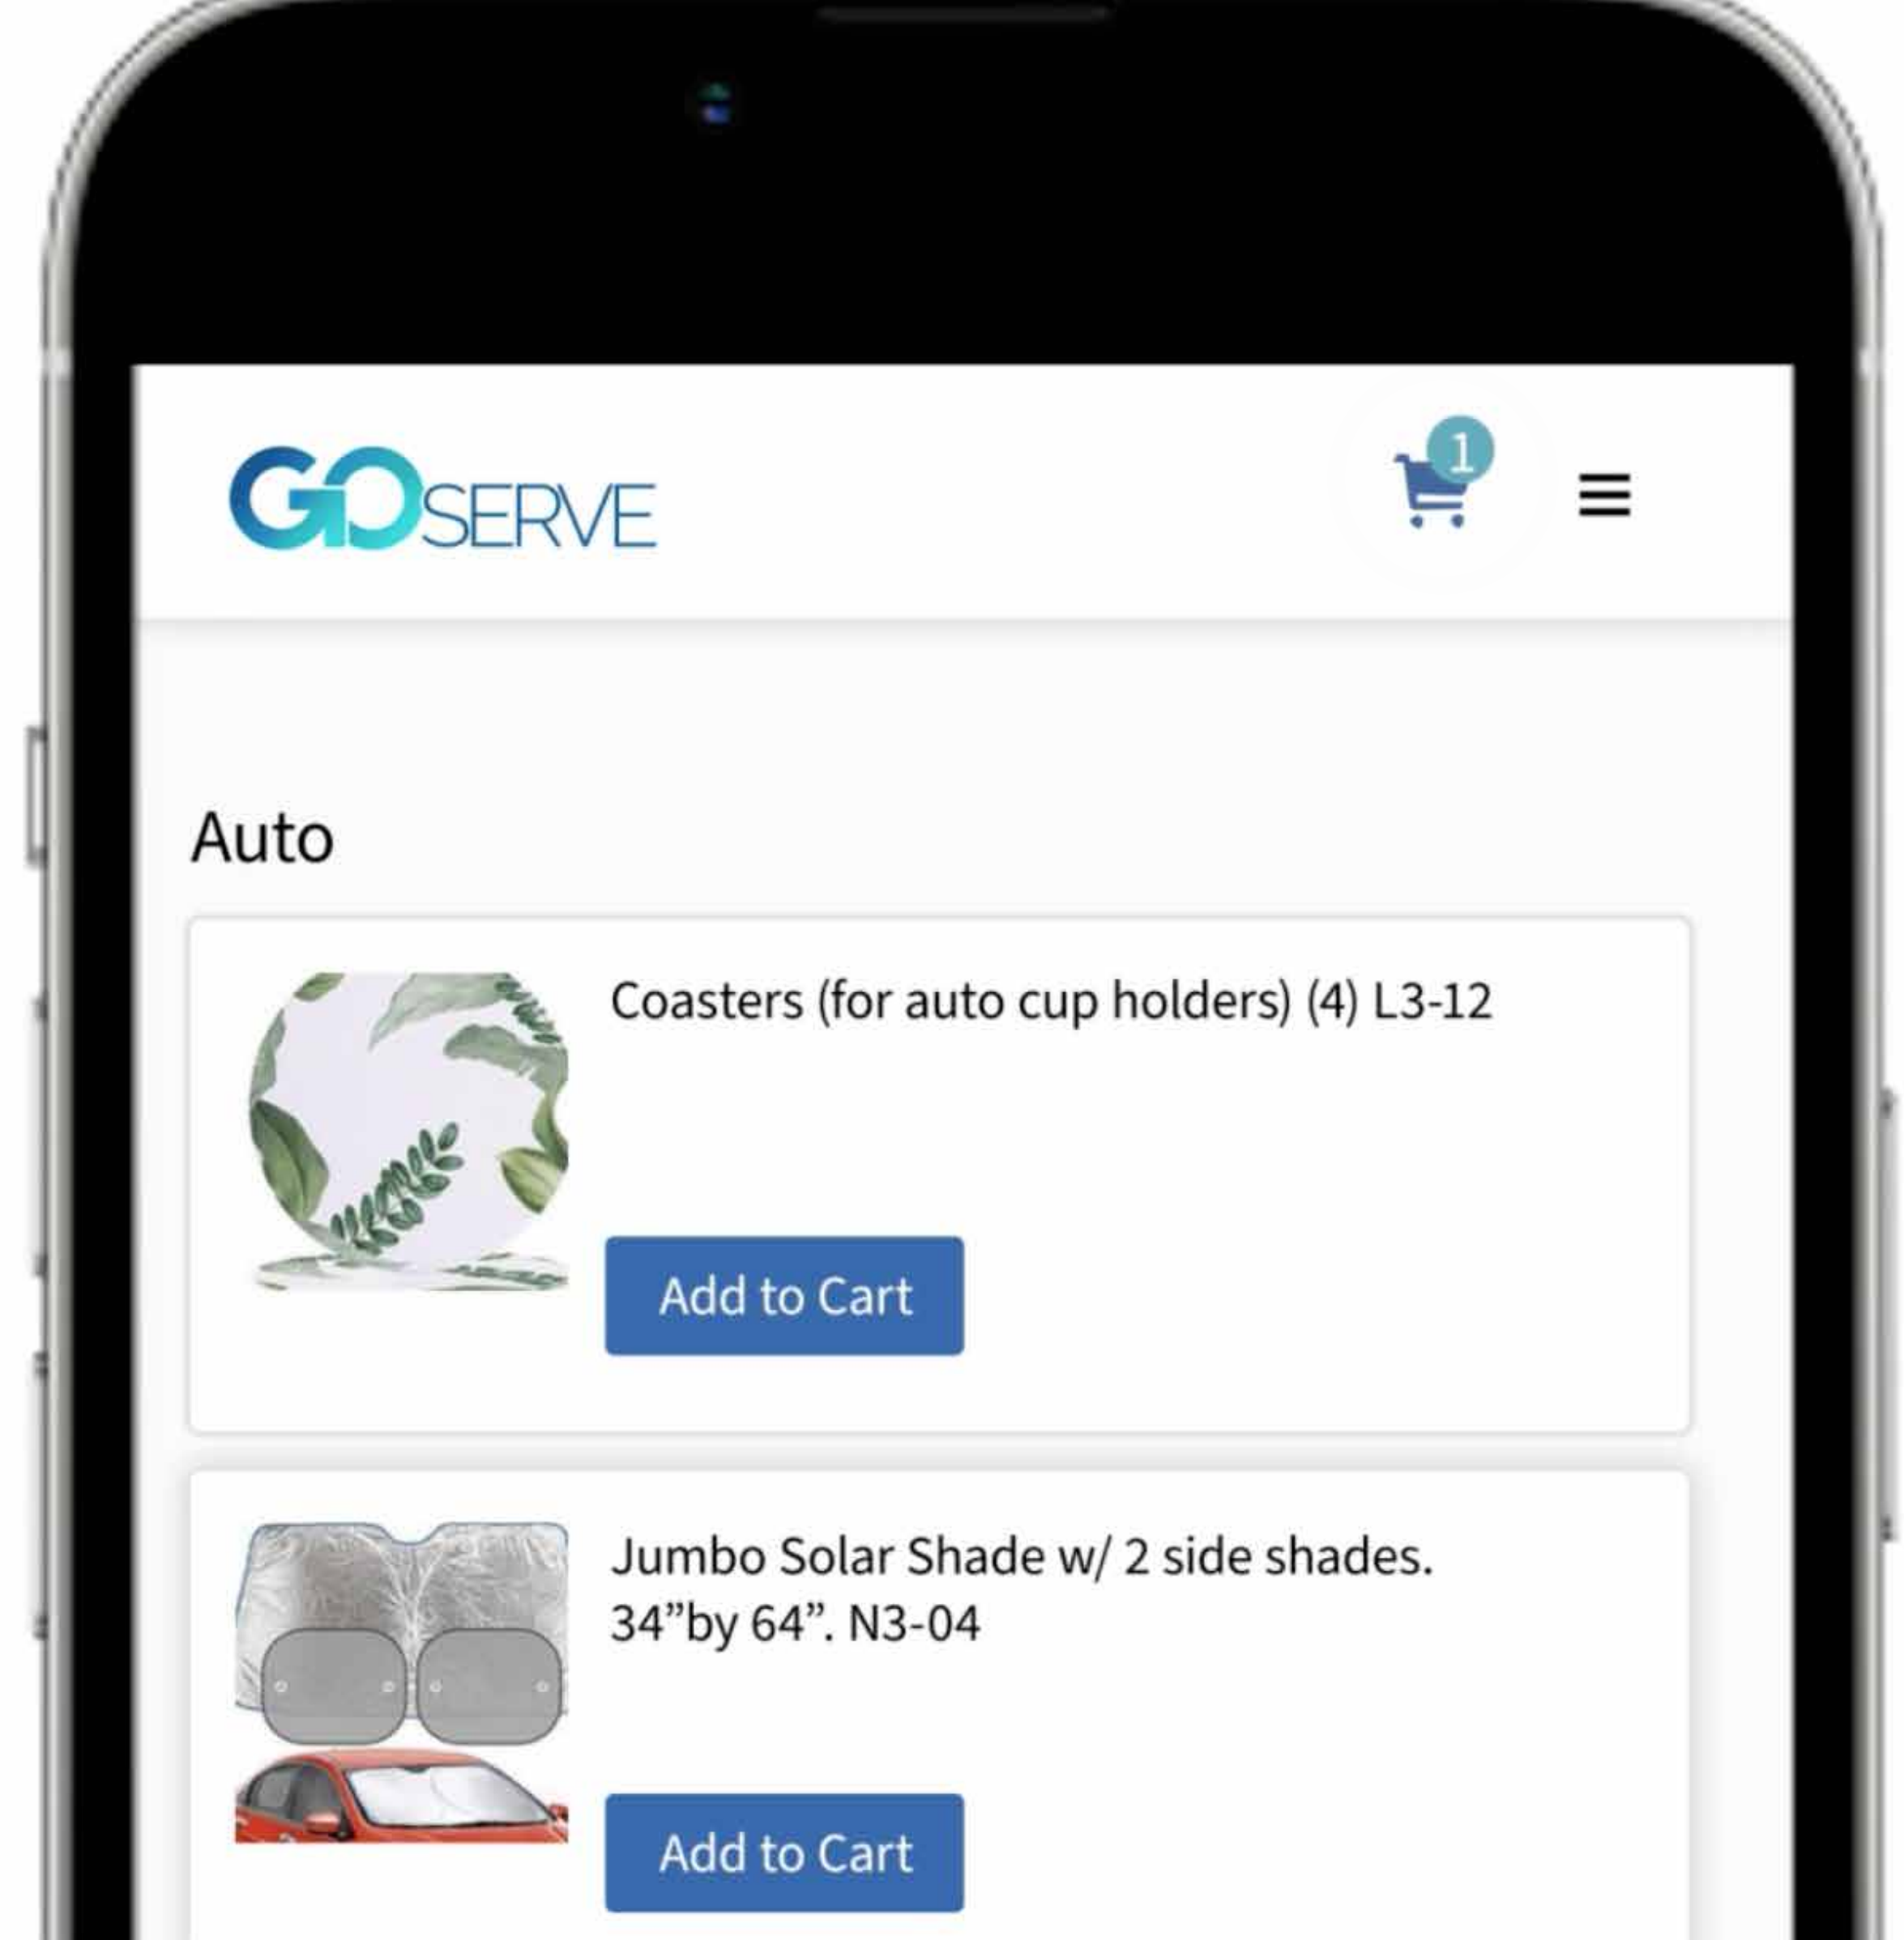

- There is a **SEARCH INVENTORY** option at the top of the page where you can enter keywords to look for specific items.

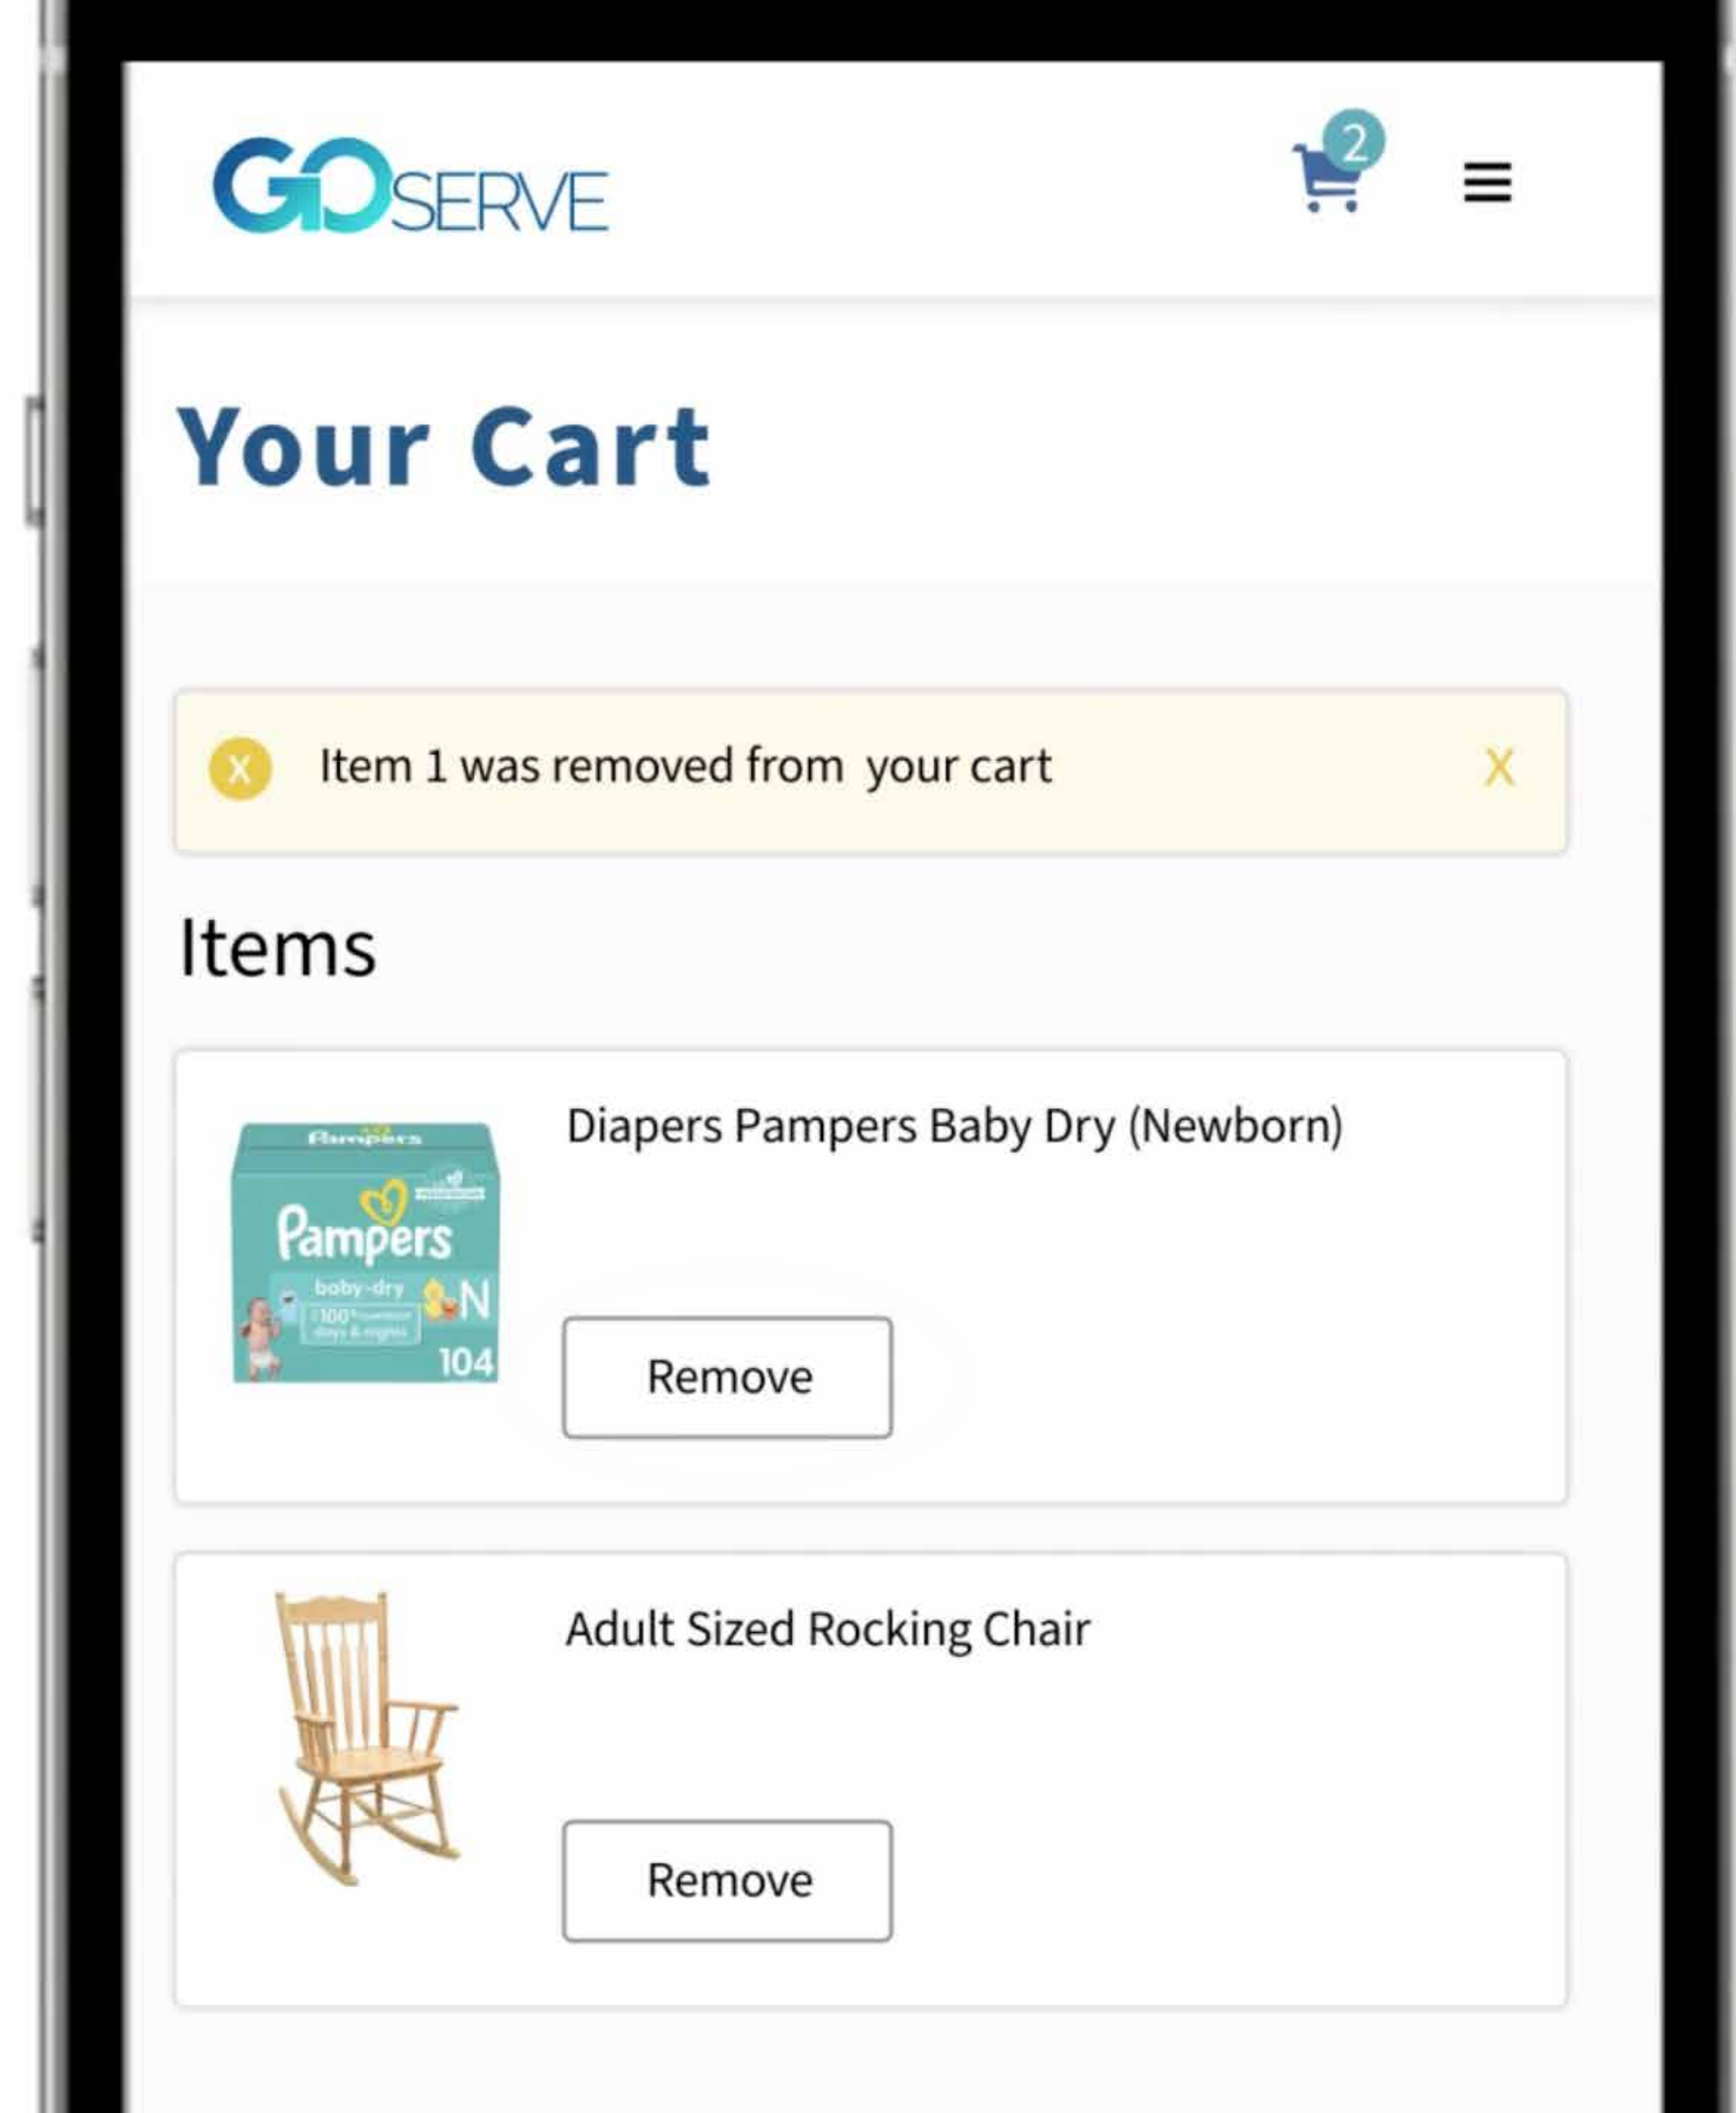

- Once you have found a gift, tap **ADD TO CART.**
- You can add multiple items to your cart, but we ask that you complete separate orders for individuals and families. Do not combine multiple families in a single order.

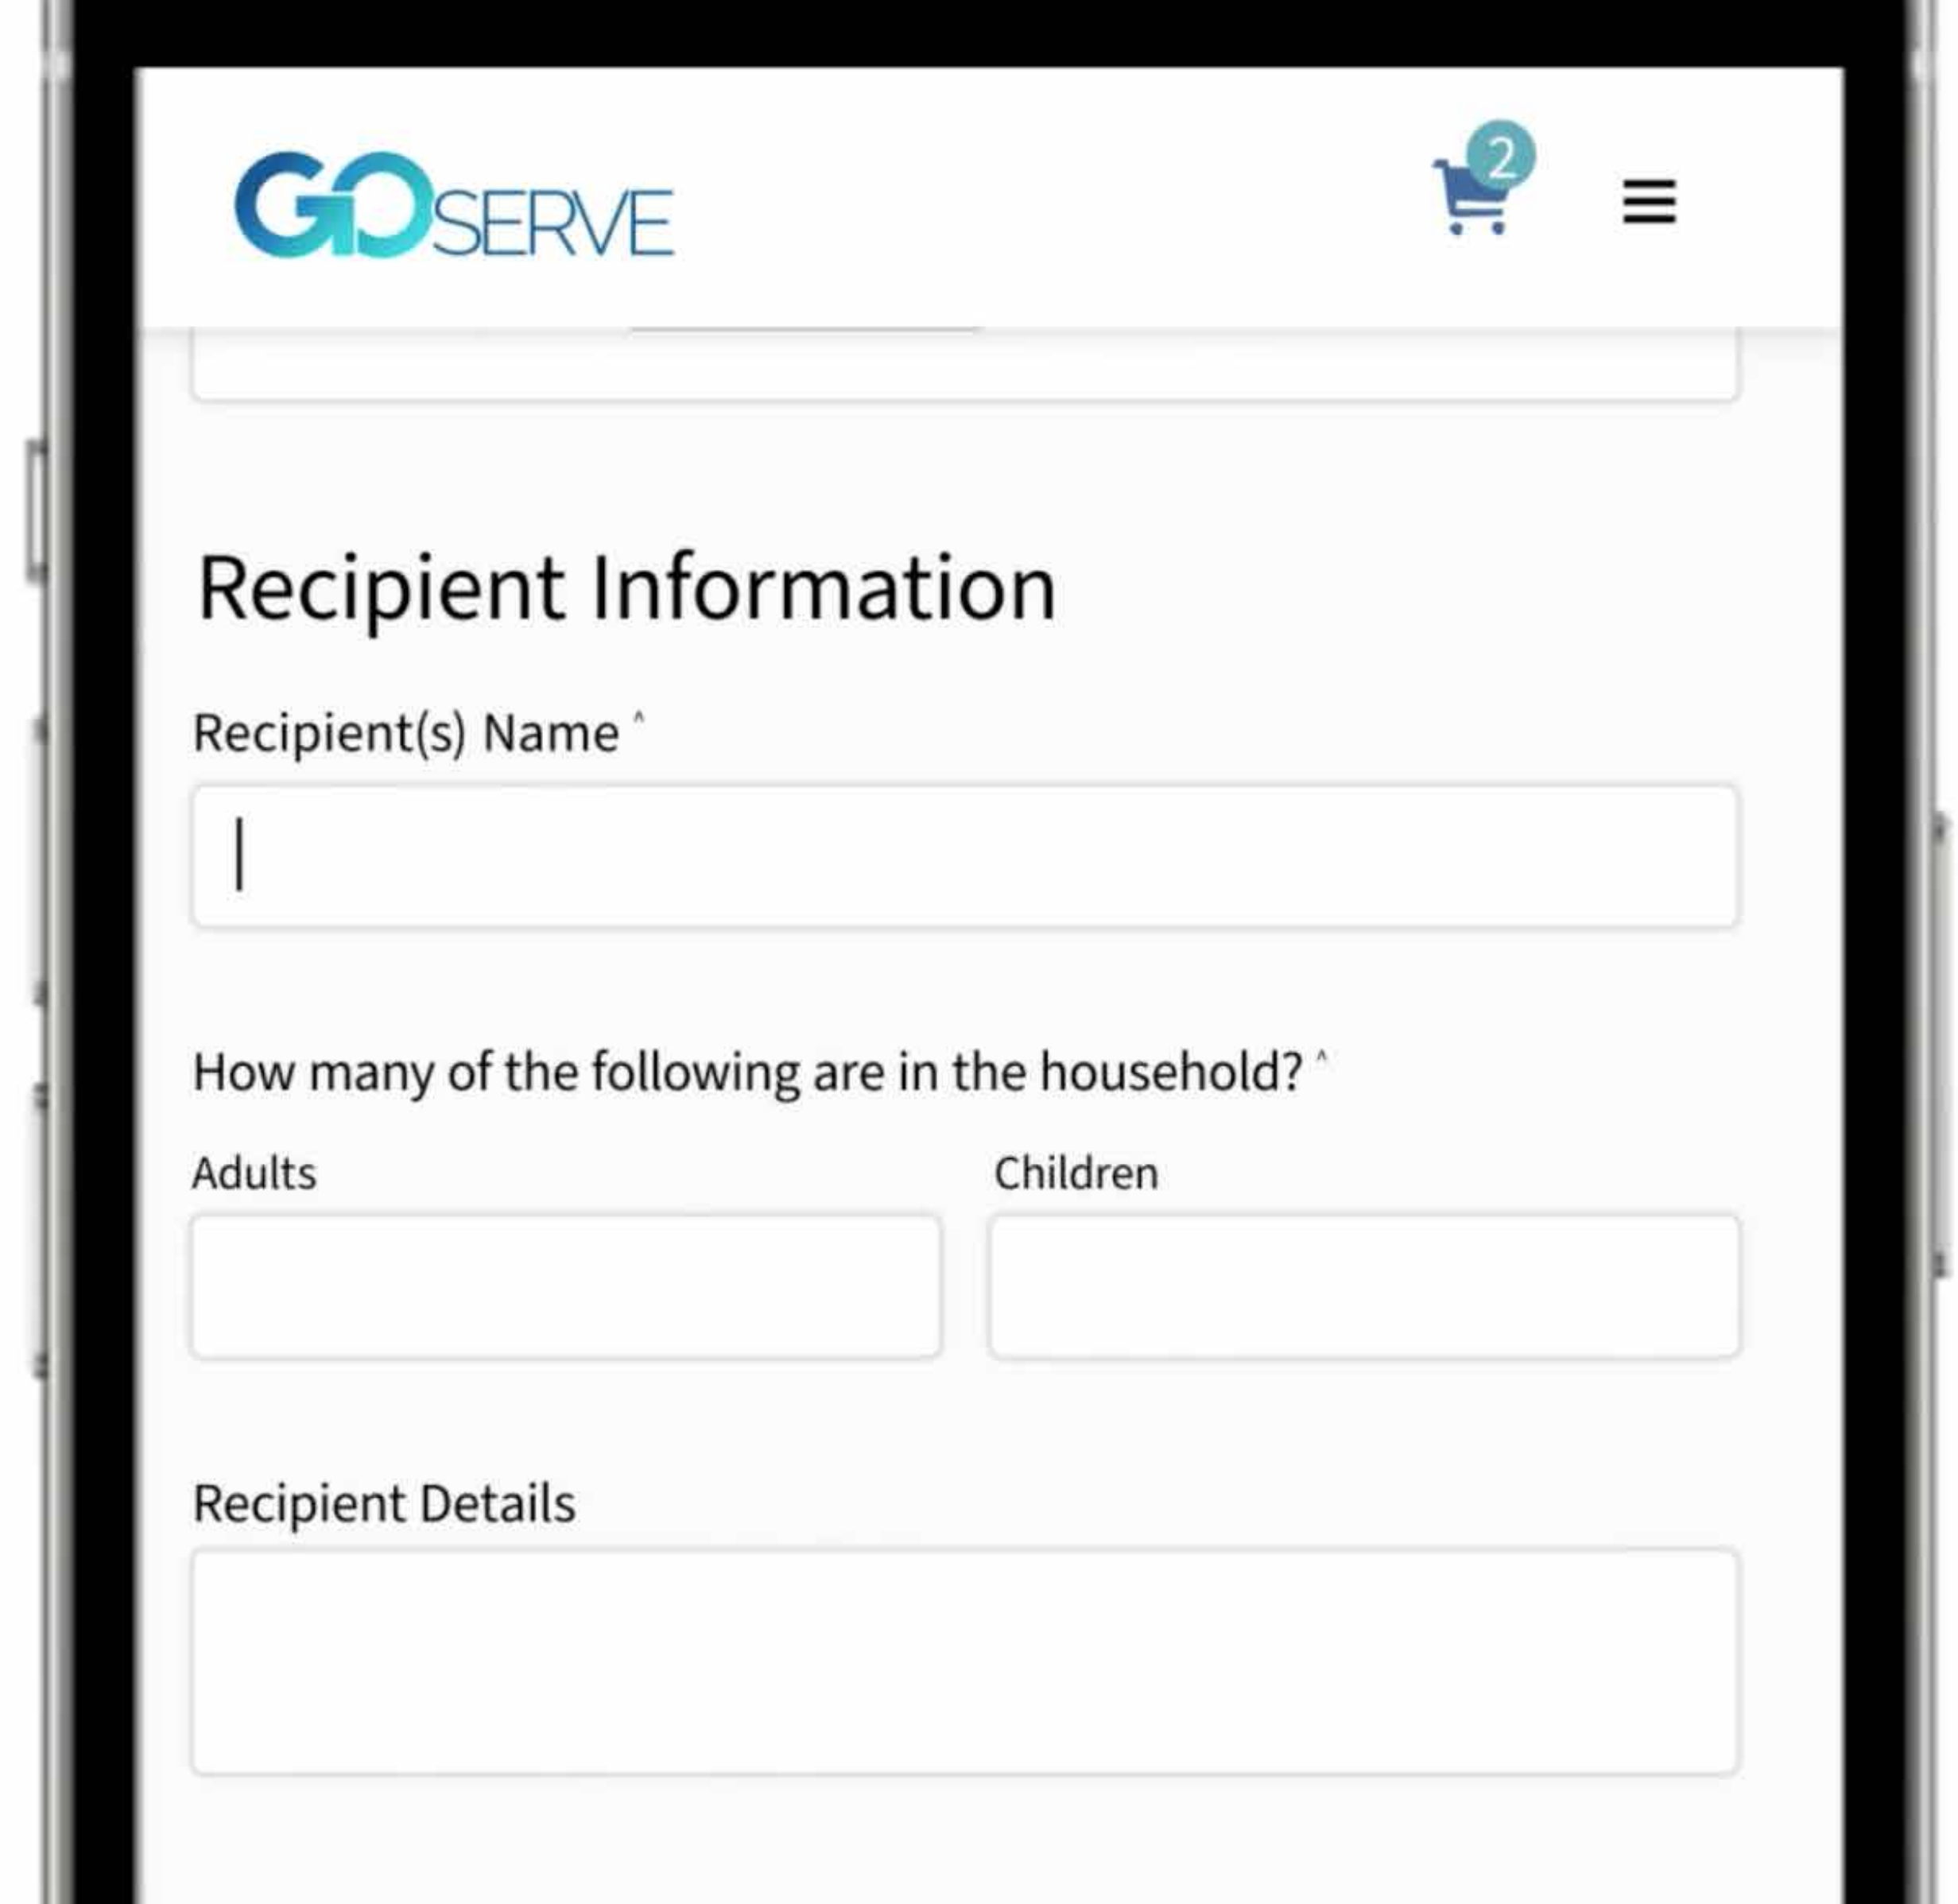

- When you are finished selecting items, tap on the shopping cart to complete the steps of your order.

- If you added something to your cart that you no longer want, tap **REMOVE** by the item and it will remove it.

- Complete the recipient information boxes, including the name or names of the family, the number of adults and children in the household, and the recipient details.

The screenshot shows the GO SERVE mobile app interface. At the top, the GO SERVE logo is on the left, and a shopping cart icon with a '2' badge and a menu icon are on the right. Below the header is a white box with the title 'Recipient Information'. Under this title is a text input field labeled 'Recipient(s) Name ^'. Below that is a question 'How many of the following are in the household? ^' followed by two input fields: 'Adults' and 'Children'. At the bottom is a large text input field labeled 'Recipient Details'.
